

INVESTIGATION BOARD

DAY 1: 06/07/26 (Monday)

TIME: 3:45 PM to 5:15 PM

VENUE: CLASSROOM 103 (OLD BUILDING)

Event Details:

The Investigation Board is a business mystery and corporate investigation challenge that tests analytical thinking, observation skills, decision-making, business awareness, and teamwork. Participants step into the role of corporate investigators and work through a hidden business case using a collection of carefully curated evidence.

Teams must analyse clues, identify patterns, eliminate possibilities, and arrive at a well-reasoned conclusion. As new evidence is revealed throughout the activity, participants must continuously reassess their theories, making the challenge both engaging and intellectually stimulating.

Round Overview:

Round 1 – Initial Investigation

Teams will receive an Investigation Envelope containing the first set of evidence, including consumer insights, market reports, media extracts, corporate documents, visual clues, and other supporting information. Based on the available evidence, teams will identify potential suspects and develop preliminary theories.

Round 2 – Final Verdict

Teams will receive additional intelligence and strategic clues that may support or challenge their initial assumptions. After analysing the complete set of evidence, teams must arrive at a final verdict, document their investigation journey, and present their findings before the judging panel.

Rules:

1. Each team must consist of 3 participants only.
2. Teams must analyse only the evidence provided during the activity.
3. Additional evidence may be opened only upon instruction from the coordinators.
4. Teams must submit their investigation worksheet before presenting.
5. Participants must provide logical justification for their final verdict.
6. Mobile phones, internet access, and external assistance are strictly prohibited.
