

# SKETCHQUEST: DRAW AND DECODE

**DAY 5: 10/07/26 (Friday)**

**TIME: 11:30 AM to 1:00 PM**

**VENUE: CLASSROOM 203 (OLD BUILDING)**

## Event Details:

SketchQuest: Draw and Decode is a fun and interactive team-based challenge that tests participants' creativity, observation skills, communication, and quick thinking. Participants must communicate clues through drawings while their teammates attempt to decode and identify the correct answer.

The challenge lies in conveying ideas without speaking, writing words, or using gestures. The activity promotes teamwork, visual thinking, and problem-solving while creating an engaging and entertaining experience for both participants and spectators.

## Round Overview:

### Single Round – Draw and Decode

Each team will be presented with a series of words, phrases, brands, business terms, movies, personalities, or concepts. One participant will act as the artist while the remaining teammates attempt to guess the answer based solely on the drawing.

The artist may only draw visual clues and is not allowed to speak, write words, use letters, numbers, or gestures. Teams will earn points for every correct answer identified within the allotted time, and the team with the highest score will be declared the winner.

**Rules:**

1. Each team must consist of 3 participants.
2. Only the designated artist may draw during a turn.
3. The artist is not allowed to speak, act, use gestures, write words, letters, or numbers.
4. Only drawings may be used to communicate clues.
5. Teams must answer within the allotted time.
6. Any violation of the rules may result in disqualification of that clue.
7. The decision of the organizing committee shall be final and binding.
